A special train passed through this city this forenoon carrying the following officials of the B & M, railroad: C. E Perkins, president of the board of directors; Mr. Harris, general superintendent; G. W. Holdrege, general manager; C. F. Manderson, general attorney, and Mr. Miller and several others of less note. While here the officers met an old friend in Dr. Collins, who was asked what sort of crops were raised here. The doctor told them that "spuds" were trumps and there wasn't another locality that could show up such a fine quality. As most of the officers were from Missouri, they had to be shown, so a sack or two of Box Butte murphies were dumped in the dining car and the visitors will have an opportunity of being convinced in a most practical manner. The officers were on a tour of inspection and will also visit Denver before return ing to Lincolu and Omaha.

A score of fellows felt so happy over the result of the election Tuesday night that nothing but bon fires and speeches would satisfy their enthusiasm. After piling up a minature mountain of boxes, etc., well adapted for a conflagration that could be seen for blocks, the enthusiasts called on Ira Reed, Sam Smyser, Judge Spacht, Wm. Mitchell, the editor and others and compelled them to join the host in the like pulling teeth for the boys to crawl out mountain of inflamable matter afire and while the flames leaped skyward, songs jollification indulged in.

Conductor Richards Meets with

KILLED BY THE CARS.

A telegram from Newcastle was received last Monday in this city conveying the news of the serious accident which befell conductor Volmey Richards in the railroad yards at that place that morning. The report of the accident was soon spread bout town and the man's popularity eemed to be the cause of a spontaneous outburst of grief. Even sturdy men, accustomed to the hard knocks of life, who knew the kind-hearted conductor, when they learned the shocking nature of the accident, could scarcely crowd back the ears of sorrow for their unfortunate brother, for his manly character had made friendship with all.

According to reports received from Newcastle, Conductor Richards was engaged in the yards at that place in switching and while on the top of a box car was thrown to the track with the result that three cars passed over him, mangling him in such a manner that the unfortunate man died a few hour later. The remains were brought to this city the same day and taken to the family residence in South Al-

It is with a deep sense of regrat that THE HERALD announces the departure of our genial station agent, Mr. Kridelbaugh, who has been transferred to Omaha and already is installed at his new post of duty, that of freight agent for the B. & M. in the state's metropolis. While the change brings to the worthy agent honors in recognition of his merit as a railroad man, we cannot give him up without the deepest regret. The ball given at the Phelan opera house last Saturday night by the Degree of Honor was largely attended and proved a most enjoyable affair. Spacht's orchestra furnished excellent music for the occasion.

M. C. Beaumont, Hamilton Hall, H. F. Goodenough and Will Kinsley came down from Hemingford Tuesday night to hear the election returns. Two of the gentlemen are respublicans, but they too joined in the midnight celebration and enjoyed the event hugely.
